Mateusz Rodz

FRONT-END DEVELOPER

About me

Ever since I discovered programming at the age of 16, I've been constantly engaged in learning and updating the most used languages in the industry. I also like reading, playing chess, developing video games and taking walks.

Experience

FREELANCER

Mar 2023 - Ongoing

I help clients realize their ideas and create showcase web pages, e-commerce, etc.
Tech stack: **React** - **Typescript** - **NodeJS** - **CSS/SCSS** or **Tailwind**,

FRONT-END DEVELOPER

Be - Shaping the Future| Oct 2023 - May 2024

I've worked on a project in a full **english** environment team using **Agile** as methodology
I was responsible of developing new features, bringing any issues encountered and write technical documentations of new developments

JUNIOR FRONT-END DEVELOPER

Lipari Technology | Feb 2022 - Sep 2023

I had the opportunity to work with clients that are involved with insurance, finance, and banking.
I've already developed some complex pages using **Vue|Nextjs** as frameworks, **CVS|Git** as a versioning system, **CSS/SCSS**, and **Typescript**.
I had tasks related to the back end where I used **Java**.

FREE TIME GAME DEVELOPER

Myself | 2015 - Ongoing

Mobile Games: Blackout - Rockets Explode - Passmetria - SaveOurPlanet - CleanSeas
PC games: Truthseeker and many other projects with the purpose of learning.

Education

WEB DEVELOPER STUDENT

Develhope | 2021 - 2022

- Intensive 6-month course to become a **Web Developer**. Here I learned front-end development with **HTML**, **CSS**, and **Javascript**, to use **Git** and I acquired the necessary skills on **TypeScript**. In the second part, I deepened all the essential elements to develop software in **Angular** and I developed a real web application with agile methodologies.

UNIVERSITÀ DEGLI STUDI DI ROMA "LA SAPIENZA"

2016 - Present

- Computer Engineering Study
- Designed and developed for an exam a website using various web technologies, with compliments from the teacher
